Testimony from Home!

BALTIMORE, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Fincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Staplston, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Staplston, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I woca twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Mr. J. E. Bousk—Dear Sir: Whi'e I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dysepetia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

DEAUTIFUL, NEW,—and Choice PropBerty at Auction,—on Monday, the 24th inst., I
shall sell, at 6 o'clock p. m., on the premises, a beautiful
new six-story Brick Residence, situated on part of Lot No.
8, in Square No. 685, fronting 28 feet on North Capitol
street, midway between the Capitol and new Raifroad Depot, immediately opposite Gen. Washington's house, now
occupied by Com. Wilkes. The above-described house is
just finished, and no expense has been spared to make it of
the most substautial kind. It has treble window frames
front and back from top to bottom, and the best French
thick-plais glass in the whole entire front, and a large portion of the back with Gothic cast-iron windows. Many of
the rooms are large and lofty, from 19 by 6 to 34 by 6, and
less. In front there is a 12-foot projecting porch, which can
be ornamented by a railing, or continuous porch or balustrade. The building is surmounted with an observatory 14
by 22 feet, from which a fine view may be had of Fort
Washington, Mount Vernon, and A exandria; also, the
Upper Falls and surrounding District; the view is considered much better than that from the dome of the United
States Capitol. The carpenters' work was completed by
Morsell, the best builder in this section of country. This
location is in the centre of the city, and the most open, airy,
convenient, and desirable of any portion of Washington.

After which will be sold the adjoining part of the Lot,
about 27 feet front, on North Capitol street.

The sale will close by the sale of two Lots of 30 feet,
which front on New Jersey avenue, it Square No. 639, immediately adjoining, on the north side of the Railroad Depot. This location—for hotels, stores, and other establishments—affords better openings for a business community
than is at present known in the country, as there is now no
city railroad depot in the world but has buildings, stores,
boarding-houses, and hotels near to their place for the accommodation of the public, except in this city of W By A. GREEN, Austioneer.
